PREMIUM INDIAN BLACK TEA

BLACK TEA

It is a fully oxidized, robust tea made from Camellia sinensis leaves, known for its dark color, rich aroma, and malty, often astringent, flavor

DARJEELING TEA

known as the "Champagne of Teas," is a premium, Geographical Indication (GI) tagged tea grown in the Himalayan foothills of West Bengal, India.
Types: Options include 100g vacuum-sealed bags, aluminum foil pouches for loose leaves, and tea bags.
Shelf life of 12-24 months.

NILGIRI TEA

It is a highly aromatic, flavor-forward black tea grown in the high-altitude "Blue Mountains" of Southern India (Tamil Nadu, Kerala, and Karnataka). Packaging :- Metallized sachets for tea bags, and paper boxes, pouches, or tins for loose leaves.
Bulk packaging (25 kg)

ASSAM TEA

It is a robust, full-bodied black tea produced in the Assam region of India, renowned for its bold, malty flavor, bright liquor, and high caffeine content.
Packaging :- airtight pouches (plastic or foil-lined), durable cartons, or traditional jute bags for bulk transport
